

THEME - SKILLS

IDEAS FROM SESSION 1

Apprenticeship scheme - know how
Bringing schools and chemical companies together
Funding, providers and competencies
Skills partner - no focus for YCF - SME's in region don't know what they need
Soft skills - management communications - presentation skills
Hot topics in London. Bringing events local.

THEME

OUTCOMES FROM SESSION 2

Skills as a network
Value for money training days
Hot topic SME's CPD
YCF to gain knowledge to provide coherent picture of what is out there
Member assessment - are the providers good / bad / value for money
YCF to lobby for appropriate skills courses at local colleges
YCF having the expertise to apply for funding - employing someone or a willing helper
Skills Road Mapping unsure of issue YCF may just be a forum for member's discussions
Links with training organisations
Organise training on behalf of members
Training needs associated with new regulations and legislation
Use of placement - student feed = driving towards employability - market place to drive University standards
Industry will retain you if you have the skills - transferable skills
Educate - Students / schools / teachers / parents / universities
Engage with companies
Ignite ambition
Build network of companies especially SME's to share experiences
